503 High Street - Oregon City, OR 97045

FEATURED LOAN → RWANDA

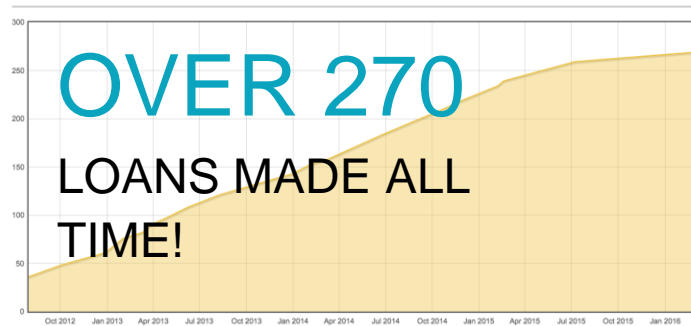

Terimbere is a group led by Anastasie who is 45 years old. She is married with seven children aged 6 to 20 years. She has a shop and has been in business for the past 15 years. The group members sell different items, mainly used shoes. With the loan of \$8,475 Anastasie would like to buy more shoes to sell. The profits from the business will be used to improve her standard of living and pay school fees for her children.

This month, Cascade decided to focus its charitable lending efforts to a group of budding entrepreneurs in Rwanda...

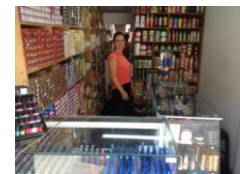

With an average annual income of just over \$1,108 and 45% of the population living below the poverty line, Rwanda remains one of the poorest countries in the world, though it has seen recent remarkable development successes, which has helped reduce poverty and inequality.

We hope that by lending to groups like Terimbere in Rwanda, we will be able to help to empower the local communities, particularly the women.

Please join Cascade Investment Advisors in assisting developing world entrepreneurs by joining our Kiva team at Kiva.org.
