# Meet Gliceria

FROM THE PHILIPPINES...

Gliceria is a 63 year-old married woman from Bohol, Philippines. She has been engaged in a food vending business for more than ten years now, selling snack foods to the people in their community. This is her sole source of income.

Gliceria has received a loan worth 6,000 PHP to buy more ingredients for her food vending business. With the loan she will be able to increase her sales, thus improving her profit. She dreams of expanding her business to generate more income. She also plans to save money for her family.

## This month, Cascade Investment Advisors is focusing its charitable lending efforts to a budding entrepreneur in the Southeast Asia...

Comprised of over 7,000 islands and the 12<sup>th</sup> most populated country in the world, The Philippines' agriculture sector employs close to 32% of its workforce, but contributes to only about 13.8% of GDP. Our goal is to help people like Gliceria close that gap between the number of working poor and the distribution of wealth.

Please join Cascade in assisting developing world entrepreneurs by joining our Kiva team and engaging yourself in the fight against poverty. We applaud and support your efforts!
