

CHARITABLE LENDING NEWSLETTER

May 2019

THIS MAY WE'RE HIGHLIGHTING OUR LENDING EFFORTS ON A YOUNG WOMAN IN MEXICO

Sonia Elizabeth in Mexico

Sonia is a 24-year old, single woman, who lives with her family in the border city of Nuevo Laredo, Tamaulipas. Sonia works full-time and contributes to her family's expenses.

Several years ago, she was diagnosed with vision problems and must have eye surgery. She is requesting a loan of \$450 USD to help pay for the surgery without it affecting her family's finances. She is confident that the surgery will greatly improve her vision and quality of life!

About This Medical Loan

Low-income families are often forced to sell family assets or resort to informal lenders in order to pay for unexpected medical bills. By providing these families with accessible financing, this lender enables patients to, over time, pay their hospital bills and doctor's fees, as well as to buy any medical equipment needed for their recovery.

Give Microlending a Try

All of us here at Cascade Investment Advisors are proud to share we've been contributing as microfinance lenders since 2012! Lending to entrepreneurs all around the world on Kiva.org is easy and rewarding. We hope you'll join us!
